The Great Union

Some encounters have the power to nurture us deeply,
provided we remain open to what unfolds...

This retreat offers a profound, healing experience.

Women and men discover a new way of connecting,
first within themselves, then with each other,
in a peaceful and supportive space.

The Great Union is a unique and enriching journey,
that offers life-changing transformations.

During the first five days apart, women and men explore
their individual needs, harmonize their energies,
and prepare for deeper connection.

The final two days are devoted to the powerful Ritual of encounter,
where the transformative magic unfolds.

Sharing the gift of brotherhood and
compassion, we embark on a profound,
transformative, and joyful journey
to discover our own true place
as men, in deep connection
with our soul.

This sacred time serves as
a preparation for a unique
and healing encounter
with the Woman.

In a community of women, we honor the
feminine in all its forms, healing ancestral
wounds and awakening our ecstatic
nature, inner wisdom, natural freedom
and boundless capacity for love.

This sacred time serves as
a preparation for a unique
and harmonious encounter
with the Man.
